Step 8: Understand Percentages

National Curriculum Objectives:

Mathematics Year 5: (5F11) [Recognise the per cent symbol \(%\) and understand that per cent relates to 'number of parts per hundred', and write percentages as a fraction with denominator 100, and as a decimal](#)

Differentiation:

Developing Questions to support the understanding of percentages. Includes representing percentages using hundred grids.

Expected Questions to support the understanding of percentages. Includes representing percentages using hundred and ten grids.

Greater Depth Questions to support the understanding of percentages. Includes representing percentages using multiples of ten.
